TENPIN BOWLING AUSTRALIA LIMITED

NATIONAL TRAINING SQUAD POLICY

Background

In an effort to develop a clear pathway for athletes to progress from grass roots through to elite level competition, Tenpin Bowling Australia Limited (TBA) introduced the National Training Squad (NTS) in 2011.

TBA through its High Performance Committee consistently evaluates feedback from current athletes, coaches, State Associations and the wider community and makes changes to both programs to strengthen the pathway to elite level competition with the ultimate goal of developing world class athletes. The vision of TBA's High Performance Program is simply:

To develop and deliver programs and pathways which produce world class bowlers and coaches that enrich the Australian Bowling Community.

Given many countries have well developed high performance programs, the introduction of the NTS is imperative if Australia is to achieve TBA's strategic objective of being ranked in the top 10 in the world by 2018.

The NTS concept aims to provide the best opportunities available to develop our athletes whilst effectively managing the budgetary constraints of both TBA and the bowlers.

The squad will remain current from 1st January to 31st December each year, commencing from the 1st of January in the year in which the athlete was inducted into the squad.

Number of Athletes

TBA will select a National Training Squad consisting of several pools of athletes to a maximum of:

- 12 adult male bowlers
- 12 adult female bowlers
- 12 male and 12 female Youth bowlers over 18 years of age but under 21 years of age as at 1st January
- 12 Junior boys and 12 Junior girls who have not reached the age of 18 years on January 1st of the current year
- 8 male and 8 female Senior bowlers who have attained or will attain the age of 50 years of age or above in the current year
